Technical Data Sheet

Release Date: Oct, 2025, NO.: REZUX-SF-20251029-01E

Enfinol® SF N910

Version: 3

Overview

- Enfinol® SF N910 is a universal type of special alcohol surfactant with outstanding wetting ability. Enfinol® SF N910 is APEO-free and has excellent performance across various application fields.

Product Features

- Low odor, APEO-free.
- Low foaming, with excellent wetting ability.
- Readily biodegradable.
- Excellent chemical stability.

Physical Property

Products Typical Data	
Appearance:	Colorless to yellow liquid.
Solid content (%):	90
HLB	12
pH:	6.3
Density (40℃, g/cm^3):	1.02
Cloud point (℃)	64
Pour point (℃)	-5

Application

- Widely used in waterborne coatings, industrial coatings, wood coatings, and traffic paints.

Use Method

- The recommended addition amount is 0.1% -1.0% of the total coating, and the optimal amount should be determined through a series of tests

Packaging & Storage

- 20kg、200kg & 1000 kg/Barrel
- Shelf life of 12 months from the date of production.

Service Restrictions

- This product has not been tested nor has it been specifically stated that it is suitable for medical or pharmaceutical use. It may not be used for human injection or consumption.

Limited Warranty Information - Please read carefully

- The content of this product data sheet is based on the products owned by my company, and is provided for reference only.
- Due to the numerous formulations, production, and application conditions, customers should pre-test the adaptability of my company's products before using them to determine their performance, efficiency, and safety.
- The suggestions we provide shall not be considered as a cause of any patent infringement. The sole responsibility of our company is to refund the money or exchange it for a product with same value.
